Weight Limit

*In order to participate in therapeutic riding at PRTRA, riders must have their current weight on file.

*Current weight is required at least one time per year and may be required at the beginning of each session.

*Each rider/horse combination is subject to a weight limit, that is, different horses have a different limit. Each weight limit is calculated according to accepted industry standards on rider weight limits, this is generally 20% of a horse's weight including all tack and equipment. Therefore, participation in riding at PRTRA is subject to the availability of a suitable horse and is at the discretion of the PRTRA staff.
